

3P Wall Tank

800 Litre Space Saving Superior Wall Tank

A durable, premium quality tank for garden rainwater storage.

Slim and sleek with an improved aesthetic design and increased capacity of 800 litres. Simple design, yet with a small space saving footprint.

Has three inset brass connectors at 3/4", one tap point and two for further tank or pump attachment.

Fill with filtered rainwater from the 3P Filter Collector.

Available in Green, Black, Sand or Grey Granite
